21<sup>st</sup> March 2018

Dear Parents/Carers,

**Re: Maths Curriculum Enhancement Day – Thursday 29<sup>th</sup> March**

On Thursday 29<sup>th</sup> March, our final day at school before the Easter break, students will be taking part in numeracy based sessions as part of our second Maths Curriculum Enhancement Day.

Below are some examples of activities that students will be experiencing during the day, should they wish to revise any key mathematical concepts in advance.

- Measurement Problem Solving: using rulers, metre sticks & trundle wheels to solve real life problems
- Chessboard/Handshake Activity: solving investigations using methodical approaches
- Fractions, Decimals & Percentages Games
- Teamwork Tasks: working as a team to find significant pieces of information to construct tables, charts or diagrams using ratio, fractions and percentages
- Drama Tasks: working in teams to convey mathematical terms by acting out concepts

Students should come to school in their complete and correct Daubeney Academy uniforms and ensure that they also have appropriate mathematical equipment.

I would like to thank all members of our community for their support in what has been a very successful year for Daubeney Academy so far and I look forward to welcoming students back to school on Monday 16<sup>th</sup> April @ 8.45am.

Yours sincerely,

**Mr S Miles**  
**Head teacher**
