

Humanities at Daubeny Academy

The Geography Learning Journey:

- In KS3 students have the opportunity to extend their locational and place knowledge of the world; compare regions in Africa and Asia; as well as learn key processes in physical and human geography—such as weather and climate, and urbanisation.
- In KS4 students will develop a balanced understanding of physical, human and environmental geography. This will include learning about natural hazards; physical landscapes in the UK; the changing economic world; resource management and issue evaluation

AQA GCSE specification:

Unit 1: Living with the Physical Environment	35 %	The study of physical processes and patterns Assessment 1 hour 30 minutes 88 marks, including 3 SPAG
Unit 2: Challenges in the Human Environment	35 %	The study of human geography themes and issues Assessment 1 hour 30 minutes 88 marks including 3 SPAG
Unit 3 Geographical Applications	30 %*	Issue evaluation, based on resource booklet, and fieldwork Assessment 1 hour 15 minutes Candidates answer all questions 76 marks, including 6 SPAG

Geography in our Daubeny curriculum

Choose GCSE Geography and you'll learn how today's world was shaped and understand the challenges we face in the future. You'll also examine the Earth's natural resources and the increasing battles between the man-made and natural world. This knowledge, paired with your essential curiosity, will give you the sought-after transferable skills for success in further education and the work-place.

At the end of the Geography learning journey you could be a: travel writer; expedition leader; cultural arts officer; aid worker; diplomat; lawyer; retail management; coastal engineer; teacher; military GIS specialist; aerial surveyor; pollution analyst or a conservation officer. Which path will you take?
